Real-Time Mileage

It displays live fuel efficiency throughout the ride.

Average Mileage

It displays overall fuel consumption during the trip.

Distance To Empty

It displays the distance you can travel with remaining fuel in the tank.

Smart FIND

It's a hassle when one has to go looking for their ride in a parking lot or a crowded place among an array of other two-wheelers, or even in low-light conditions. With the Smart Key, this trouble is taken care of. All you have to do is, click on the **Answer Back Button** on your key, and all the four indicators of your Activa 125 will blink twice. It can be easily located even if it is as far as **10 meters!**

Smart SAFE

We've ensured that your Activa 125 is always secure, even if it is not in sight.

With the **Anti-Theft System**, you don't have to think twice about locking your ride, the Smart Key takes control over the protection of your scooter by activating the **immobilizer function** when the Smart Key goes beyond the **2 meter range** of your Activa 125.

Smart UNLOCK

Your two-wheeler key isn't always handy, but with Honda Smart Key, you won't need the key in hand. When the Smart Key is within the **2 meter range** of Activa 125, you push and rotate the knob to perform various operations like your **seat, fuel cap and handle** can all be unlocked just like that.

Smart START

Here's a way to start your ride that doesn't even require you to take out the key from your pocket! Once the key is within **2 meters** of your Activa 125, and activated, all you have to do is **push the knob** – the LED Smart Key indicator on the speedometer will come on – then just rotate the knob to **turn on the ignition and start the engine with Start/Stop switch.**
